

Gallery of Magick Ritual Summaries

Note: this does not yet have all the rituals from all of their books. If a ritual summary is not here, that means I don't have it. This document will be updated in the Gallery of Magick Discussions and Experiments Facebook Group. You could re-download it from there to see if it has been updated with the ritual you are looking for.

This is NOT a substitute for owning the books. All of these ritual summaries are absolutely useless without the sigils and words from the books. There is a page break before each ritual so that it can be printed out separately, if needed.

If something is missing or mistyped, please let Anastasia know on the group. Just reply to the files thread where this document is located.

Also, these are NOT in order (other than alphabetical by name). Nor are they grouped by book. The subtitle of each ritual should say which book it's from, unless it's already clear by the title of the ritual summary itself. Plus if you've read the books, you'll know.

Core Ritual

30. Bring attention to the entity's sigil.
31. Scan the letters in the sigil, starting at the top of the outer black circle, moving anti-clockwise.
32. Become aware of the black triangle and the entity's seal. Be aware of it out of the corner of your eye, but don't focus on the seal yet.
33. Transfer eye focus to the white circle of black letters, representing Angelic Emissaries. Commencing at the top (to the left of the black triangle's tip), scan your eyes anti-clockwise around the circle, until you have gazed at each letter.
34. Move eyes to the red seal on the left of the triangle (seal of ruling Shem angel). Let the shape sink into your consciousness.
35. Moving anti-clockwise, look at bottommost-left red seal (will be inverted).
36. After a few seconds, move your gaze to the red seal on the right and rest your eyes there for a moment or two.
37. Become aware of the black triangle (avoid looking directly at the entity's white seal in it). Keep focus on black areas. Hold this gaze no more than a minute.

41. Call Shem angel 3 times again (gazing at all three seals in turn).

43. Take a deep breath and repeat the following 3 words of power powered by your breath, while focusing on the space before you:
 - a. "EE-AWE-HAH-HAW-VEE-HAH"
This shifts your consciousness further from the ordinary so that you can see non-ordinary. Keep attention on the sounds of the word. Chant for about 2 or 3 minutes.
 - b. "EE-REH-HAH-SHAH-AWE-SHAH-AH"
This brightens your spirit on the astral plane. Let the feeling of magickal power grow within you. Since you're protected by the circle of light, only the spirits you call can approach you. Chant for 2 or 3 minutes.
 - c. "EE-EE-HAH-HAH-AWE-DEH-HAH"
This removes spiritual blindness that prevents you from seeing spirits. Know that you are becoming one who is able to see beyond the ordinary. Chant for 2-3 minutes.
 - d. Feel that you are standing on the edge of magickal reality.
You are the center of the circle and the very center of the universe.
Beyond you, the raw energy of magick, as thick and opaque as oil and as light and empty as air has been prepared for the spirit's arrival.
44. Let your gaze settle on the entity's white seal inside the triangle (gaze remains loose)
45. Think of the entity's name in your mind several times.

50. Chant the entity's name, knowing that with each call you are bringing the entity closer to you, making it able to communicate w/ you.

51. Use the evocation keys again, but with more willpower this time. Increase their intensity. First, preceive the Evocation Keys within your obdy, then breathe them out into the space before you. 54. Look into the dark space before you and speak:
"I call you, __(entity name)_"

57. Keep chanting the name and, occasionally, repeating "I call you..." as the entity appears.

59. Issue command.
60. Make the offering.

Petition

46. Pass your eyes over the encoded SOI, without thinking of what you actually wrote.
47. Write the entity's name on the back of the SOI paper using the cypher.
48. Fold up paper loosely, so that the individual words can be seen.
49. Gaze at the entity's seal, breathing to mind the thought of result. Feel the pleasure at the result becoming reality as if it already happened. (DO NOT feel earning or hope, but pleasure as if it already occurred)
50. When you are feeling the full emotion of the result coming to fruition, say it out loud exactly as it is written, while gazing at the entity's seal.
51. Touch folded SOI paper to the seal.

53. Using your imagination, show the entity the offering it will receive once it fulfills your wish.

Main Ritual

1. Find a place to perform your magick and perform The Ritual Opening.
2. Gaze at the talisman with your awareness on the white space within it and know what it is that you want to achieve.
3. Make a brief mental observation about why you want this change.
4. Scan your eyes around the talisman's outer circle of words, anti-clockwise, three times.
5. Scan your eyes over each horizontal word in the talisman three times, from right to left, working your way down the talisman.
6. Say the words and names written beneath the sigil, once each, and allow yourself to feel that the result has already happened.
7. Again, say the words and names written beneath the sigil, once each. Imagine that months or years have passed and remember how you once felt, before your desire came to pass, and notice how grateful you are now because your desire has come to pass. Notice the difference between then and now.
8. Again, say the words and names written beneath the sigil, once each. This is a form of thanks.
9. Let the white of the talisman glow brightly and shrink into a star which moves into your heart.

Closing

1. "It is done."
2. Cross arms
3. Let arms drop.
